ParentConnect is an online program for parents and guardians to:

View: student schedules; attendance; report cards; interim marks and comments; history of grades; school calendar; fees; new year course requests; parent/teacher conference times; messages; bulletin board; course assignments (*for those teachers posting assignments on PC*).

Change: home and cell phone numbers; parent/guardian names; email addresses; emergency contact information - (*home address changes must go through the school office*) - **you must hit the SAVE button after making any changes.**

ParentConnect Sign-on:

Username: student's **Personal Education Number** (PEN) a nine-digit number

Password: initially created by the system and can be changed after sign-on (*please contact the school office if you do not receive notification of the password*)

Postal code: of the parent/guardian signing on (*each parent/guardian living at a different address will have their own account*)

StudentConnect (a link can also be found on the school website)

<https://cimsweb.deltasd.bc.ca/schoolconnect/stuconsignon.aspx>

StudentConnect is the same web application as *ParentConnect*, except that it is a view-only module. Students will be able to enter next year course selections during course planning in February in **StudentConnect**. Course assignments are also viewable for some courses. Students sign-on using their *FirstClass* email account username and password:

Username: 5-digit student I.D. number

Default Password: mmddyyyy (*student's birthdate*)

The student's birthdate has been temporarily set as the default password. Student data is uploaded from *FirstClass* and **StudentConnect** every morning at 6:00am. Any changed passwords made the previous day in *FirstClass* will be posted to the student system automatically at that time.

Important Note: student sign-on is the same for both *FirstClass* and **StudentConnect** – if you change your password in *FirstClass* it will automatically be uploaded into **StudentConnect**.
