What about a Language?

UBC → Language 11 for all faculties

SFU → Language 11 or Intro Language 11 for all faculties

Kwantlen → Language 11 needed for Arts degree

UBCO/ UVic/Langara → no Language requirement for entrance

*** if you are applying to an Arts, Humanities or Social Sciences degree at any university or college across Canada, you may be required to take a 2nd language course to complete your degree, if you don't have a Language 11 or 12. In these cases, it's helpful to have a completed your language courses in high school to bypass these requirements

Language Challenge Exams

For those with a **fluent background** in **French, Mandarin, Spanish, Japanese, Korean or Punjabi**

- Tested on reading, writing, listening and speaking
- Students can earn Language 11 or 12 credits
- Application process is in October; exams are written in January at DSS
- Exams are free to all domestic students (there is a cost for international students)
- Grade 11 challenge exams can usually be used for second language requirements for post-secondary admission

Grade 12 AP Courses

- AP Calculus (available to those who have taken Pre-Cal 12 BEFORE starting Grade 12 - either online or through the Pre-Cal 11/12 double block in Grade 11)
- AP Chemistry *
- AP English Literature Composition*
- AP Psychology
- AP Physics**

* Pre-AP 11 course is helpful, but not required

** AP Physics 1 (Grade 11) and AP Physics 2 (Grade 12) are required to get the university credit for Physics

AP exams are written in May (\$ exam fee)

Score determines your first year university credit

TRAIN IN TRADES APPRENTICESHIP PROGRAM

Youth Train in Trades is a SkillsTradesBC program for students entering 11 and 12 and have not graduated when the program begins. It is the **first year (level 1)** of the classroom/shop training which is 20% of becoming a journey person (training on the job is the other 80%). Some programs run for a full semester, others are shorter or every other day at a linear school.

Students take **dual credit courses** that will give them credit towards both secondary graduation and the first level of apprenticeship or industry training. Train in Trades programs are offered as partnerships between school districts and local post-secondary institutions including **BCIT, VCC, KPU, and FTI**.

Upon successful completion they will receive credit for 'level 1' of the technical training (in-class) component of the SkillsTradesBC program. **Successful completion is 70% or higher.** Students will have a **significant head start on post-secondary education** by the time they graduate high school, as well as gaining practical and in-demand skills. **If accepted, the School District pays for the tuition costs** with students being responsible for all other costs, such as materials, PPE, textbooks and learning modules.

Applications are due before spring break

Application does not guarantee acceptance. To see the application process click [HERE](#). For more information on what Youth Train in Trades programs are currently offered, contact your school career program facilitator.

WORK IN TRADES APPRENTICESHIP PROGRAM

Did you know that you can get **paid** to work in a trade
AND receive **high school credits**?

Youth Work In Trades offers students aged 15 or older an opportunity to **begin their apprenticeship while still in school**. It is the beginning of training on the job which is typically 80% of becoming a journeyperson. Students must be **hired (paid) and working under the direction of a Journey Person**. A student can earn up to four grades courses (11a, 11b, 12a, 12b).

Advantages of Work in Trades include:

- Four credits for each 120 hours of paid employment. (up to a max of 16 credits for 480 hours).
- Registration with SkillsTradesBC.
- Potential of \$1,000 award upon completion of 900 hours.
- Earn hours towards your trade with SkillsTradesBC.
- Learn in a "real world" situation.

For more information on how to register as a Youth Work in Trades student, **contact your school career program facilitator**]

Work Experience (WEX)

Work Experience is an opportunity to earn high school credits while volunteering in a career of interest. Opportunities can include: hotels, Science World, dentists, computer technician offices, the SPCA, lawyer firms, retail stores, and restaurants.

WEX provides students with the opportunity to:

- Explore personal interests and abilities.
- Practice knowledge and skills in a work environment, including developing transferable skills.
- Develop connections between goals, school studies, and possible career fields.
- Observe and participate with adults working in the field of career interest.

Students must be at least 15 years old to enrol in WEX.
